INFORMATION DISCLOSURE STATEMENT

Dear Sir:

It is respectfully requested that the references listed on the enclosed form be made of record and considered with respect to the captioned U.S. patent application. A copy of each reference is enclosed. Submission of the present Information Disclosure Statement should not be taken as an admission that the cited references are legally available prior art or that the same are pertinent or material.

The enclosed references were cited in a communication from a foreign patent office in a counterpart foreign application. A copy of the search report has also been included.

U.S. Patents 5,464,521 and 5,403,456 are listed in the Foreign Search Report as equivalents of EP 0 526 271.

Also cited in the Foreign Search Report is EP 0 666 476. Since the search report indicates no English language equivalent of this document, the following is a concise explanation of that reference in accordance with 37 C.F.R. § 1.98:

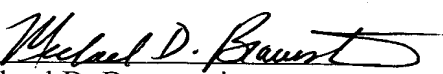

EP patent application 0 666 476 relates to a support for carrying out electrophoresis for an immunofixation process, which support comprises several lanes for electrophoresis, wherein the lanes are characterized by specific dimensions, especially a determined breadth and inter-lane distance. In addition, the EP patent application discloses a

mask suitable to be used with the support, wherein the mask is characterized by the fact that it comprises openings for deposition of reagents, which have dimensions identical to those of the lanes and inter-lanes of the support. The EP application does not provide additional features to characterize the mask.

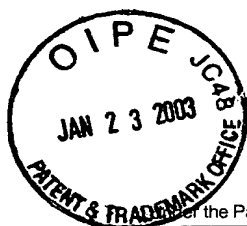

In the event that any fee is due in connection with the present Information Disclosure Statement, the Commissioner is hereby authorized to charge the same to our Deposit Account No. 12-1095.

Dated: January 14, 2003

Respectfully submitted,

By
